Wells, Fargo & Co's Express

Attention is invited to this important branch of the Service, the object of which is to promote the general convenience and welfare of the public, by placing within their reach the vast facilities controlled by and accessible to the Company for attending to Orders for the Purchase of Household-stores, and Goods of every description, and executing any other kind of Commissions, in the larger Towns and Cities throughout the *United States*.

A trial will prove its Great Advantages over the old-fashioned and inconsiderate practice of imposing on Friends and Acquaintances, when Traveling, Troublesome and Unprofitable Commissions, and that of entrusting such Matters to Unknown and Irresponsible Parties, with all its self-evident risks.

In the operation of this department of the Express, care is taken not to conflict with nor encroach upon local mercantile interests; the particular object in view being to reach that class (sufficiently numerous) of

Domestic Wants, not provided for in Home Markets.

And it may be advantageously employed by Country Merchants, and Producers, themselves, as well as by

Private Families, Hotels, Restaurants, etc.

The following specific items may be suggested as coming within the range of its usefulness:—

Groceries, Marketing, Fruits, Oysters, Fish, Game and Delicacies for the Sick; Watches and Jewelry, Mercantile Novelties, Machinery and Agricultural Implements, and PARTS of same; Seeds, Flowers, and Funeral Emblems, etc.

REPAIR WORK of Every Description

Such as of **Watches, Jewelry, Sewing Machines,** and other machinery, etc., requiring superior facilities, technical knowledge and skill.

BACCAGE CHECKS

May be sent to this Department for the reclamation and forwarding of property left at hotels or depots. Care should be taken to retain a memorandum of the numbers. Baggage checks should be regularly way-billed, with charges *prepaid*.

Exceptionally difficult cases of Lost Baggage have been successfully handled by this Department.

PAWN TICKETS

The strictly "confidential" character of the Express Service has always rendered it a popular medium for withdrawing articles from pawn.

Tickets sent to redeem property, must be accompanied by the full amount due. *Pawnbrokers will not forward pledges C.O.D.*

STATE AND COUNTY BUSINESS.

In connection with the Purchasing and Commission Department proper, attention is given to the **Recording of Deeds**, and the **Service of Legal Papers** in any county where the Company have an agency, and to **business connected with the various Departments at State and Territorial Capitals**. The public should bear this fact in mind.

CUSTOM HOUSE CLEARANCE

An **Invoice**, or detailed memorandum, of the nature, value, quantity, or number of articles contained in any given package, and their net and gross weight, is **imperatively requisite** from the shipper, and must be handed in when the goods are offered for shipment.

The following instructions cover the points involved, and should be carefully and conscientiously complied with in every instance:

INSTRUCTIONS.

1. A deposit will be expected from the shipper to cover probable amount of duties, etc. *This rule does not apply to responsible merchants in cities and towns.*
2. In filling out the invoice or bill, give net weight of each class of goods contained in the package, and the gross weight of the package. Also give the **VALUE** of each article.
3. Specify, in every case, the **Number of Articles** of each denomination in the package.
4. Fully describe each article, specifying the **SUBSTANCES** of which it is composed.
5. In shipments of unused fabrics—shawls, coverlets, blankets, carpets, etc.—specify, in addition to weight, the **length and breadth** of each piece.
6. As no duty is exacted on used clothing, this class of shipments need not be particularized, but care must be taken not to include **UNUSED garments**.
7. Other used personal baggage is free of duty, provided there is no excessive quantity.
8. **The keys of all locked packages** must be forwarded with them, as all packages are opened and examined at the Custom House.
9. Goods should be packed in such a manner as to facilitate examination.
10. The shipper will be held liable for fines, extra duties, or any other reclamation made on the invoice, by reason of alleged false or inaccurate representations, of whatsoever nature.

FOREIGN TRAVEL.

Custom House Clearance of Baggage, etc., attended to for Passengers from Europe. Outgoing Passage Secured.

The official routine of getting personal effects (baggage) through the Custom House on arrival in this country, is apt to occasion solicitude and worry to inexperienced passengers from abroad which their friends here would wish to spare them. This object may be secured by having such persons (if to arrive by any of the principal steamer lines) instructed to enquire, on arrival at the dock, for our representative present, and deliver their baggage him. He will receipt for it, attend to getting it through the Customs, and forward it to destination by Wells, Fargo & Co's Express, in bond, without examination at Port of Entry.

When desired, arrangements may be made with Agents of Wells, Fargo & Co.—a cash deposit or satisfactory guarantee being given—whereby the Agency at New York will, under instructions, dispatch a special representative of the Company to the vessel to meet the passenger, on board, attend to passing baggage through the Customs, purchase Railway or Steamer Tickets for further prosecution of the journey, and conduct such person to the proper place of starting or to a Hotel.

PASSAGE ON ANY OUTGOING STEAMER

May, in the same manner, be secured at New York, and all the preliminary details of placing person and effects on board be provided for beforehand, at reasonable cost. Apply at any of the Company's offices.

SPECIAL COMMISSIONS.

Representatives of the Company at New York and San Francisco are instructed to furnish travelers and customers with all particulars relating to passenger and shipping matters. They will also attend to meeting Ladies and Children traveling unattended, upon arrival at those ports, when properly commissioned to do so. Instructions from other points to perform such services, or to purchase tickets, escort persons to hotels, railway stations, steamships and the like, should be sent by Agents in the form of "Commissions." The charge for services of this kind will be in accordance with the measure of work, and the time consumed; but in all cases will be moderate.

Persons about to travel are invited to communicate with the above-named offices.
